Frameworks & Database: React, Bootstrap, Tailwind CSS, Express, PostgreSQL

Tools: Git, GitHub, Figma, Adobe Express, Jest, Create React App, Vite, Postman, Webpack, Babel, Chrome Dev Tools, Netlify, Visual Studio Code, ESlint, Npm

APPLICATIONS DEVELOPED

Book Palace – Live | Github
- Engineered a fluid and visually compelling application interface using React ensuring the development of a responsive and highly interactive user experience across diverse devices.
- Implemented a RESTful architecture using Express, streamlining communication between the front-end application and the database, enabling seamless data retrieval and modification for efficient API interactions.
- Created and managed database schema using PostgreSQL, storing essential customer data like wishlists and carts

Anytime Promotion – Live | GitHub
- Developed a dynamic and visually appealing front-end for Anytime Promotion, utilizing React, TypeScript, and Tailwind CSS to create an interactive platform
- Incorporated the Caspio third-party application seamlessly, facilitating the integration of the business's proprietary database system into the front-end application for improved submission and request processes
- Integrated social media sharing functionalities into the front-end, enabling easy event sharing from other platforms

Watchlist – Live | Github
- Designed a mobile-first, responsive, and adaptive web application with advanced CSS techniques, ensuring an optimal user experience across various devices through an organized and user-friendly layout
- Leveraged the full potential of JavaScript to elevate button functionalities, ensuring dynamic and intuitive user interactions based on various events

PROFESSIONAL EXPERIENCE

Front End Engineer, Freelance – La Mirada, CA   Nov 2023 – Present
- Implemented cutting-edge technologies, such as React, TypeScript, and Tailwind CSS, to develop dynamic and visually appealing interfaces
- Successfully executed a web application for Anytime Promotion with a focus on meeting business objectives, resulting in a notable 30% increase in clientele connection for Anytime Promotion

Billing Specialist, Emergency Ambulance Service – Brea, CA   Feb 2022 - Feb 2023
- Communicated with hospital teams to validate and update patient medical records and insurance accounts, resulting in 25% quicker streamlined processes.
- Demonstrated an exceptional attention to detail by organizing and verifying insurance for approximately 400 patient accounts, utilizing RescueNet's tools to ensure accuracy.

Retail Store Associate, Adidas – Orange, CA   Sep 2018 – Nov 2020
- Achieved a top 3 in-store sales ranking by ensuring operational integrity, monitoring monthly profitability, and fostering an approachable environment for customers to ask questions.
